# AEC ACADEMIC ECONOMIC CONGRESS

22nd December 2022 10:00hrs – 12:30hrs  
EU LJUBLJANA HOUSE, SLOVENIA, EU

The Congress will be held under the title:

## **"When today's functions become tomorrow's privileges"**

After having passed the pandemic which limited our activities, we look forward to being able to invite you again to the AEC Congress, which over the years has grown into one of the most overdue and powerful events for the profession that designs organizational processes in organizations. AEC offers you opportunities to share and gain experience, learn knowledge and skills that are important in your professional development and also affect the development of others in the organization; regardless if you are a director, HR manager, consultant, lecturer or teacher.

**Our keynote speakers will establish a good climate and energy that will create incentive, interaction and cooperation.**

In addition to our partners from Malta and Portugal, we will also have those whom we trusted in the last year to provide educational content with which employees acquired, renewed or upgraded their knowledge. Join us and enrich yourself with the congress activity, which is marked in the calendar of events at international level.

**We look forward to meeting you and welcoming you!**

**AEC Congress Organizing Committee.**
